Terry Sajewski, Nathan Hale Garden Club

Terry Sajewski has been a member of the Nathan Hale Garden Club since 1999. She has held the positions of: President for three consecutive years, Vice President in charge of programming, Corresponding Secretary, Club Projects Coordinator and Youth Chairman.

Terry has been instrumental in many flower shows. Her creative approach can be seen in flower show schedules, her winning designs, her horticulture, and interesting staging.

Terry chaired the club's last flower show entitled, "An Unexpected Harvest" which won District, State, and National Awards. As Projects Coordinator, she oversees the maintenance of the Children's Garden at the Cold Spring Library and historic Kissam House, a veterans Garden Therapy project, and a Children's Education Program. Terry instituted the tradition of welcoming new members with a mug inscribed with the club's logo to bring to each meeting. She also had t-shirts made for the members who maintain our community garden and special anniversary pins made to honor members for every ten years of club membership.

Terry is a member of the Second District Board serving as Trip Coordinator and Vendors Chairman. She is also Trip Coordinator for the Board of FGCNYS, Inc. and is an NGC Gardening Consultant.

Congratulations Terry....you exemplify the best of garden club by your enthusiasm and willingness to take on any garden club challenge.
